BESTSELLERS 2024

#SUCCESSISBUILTWITH

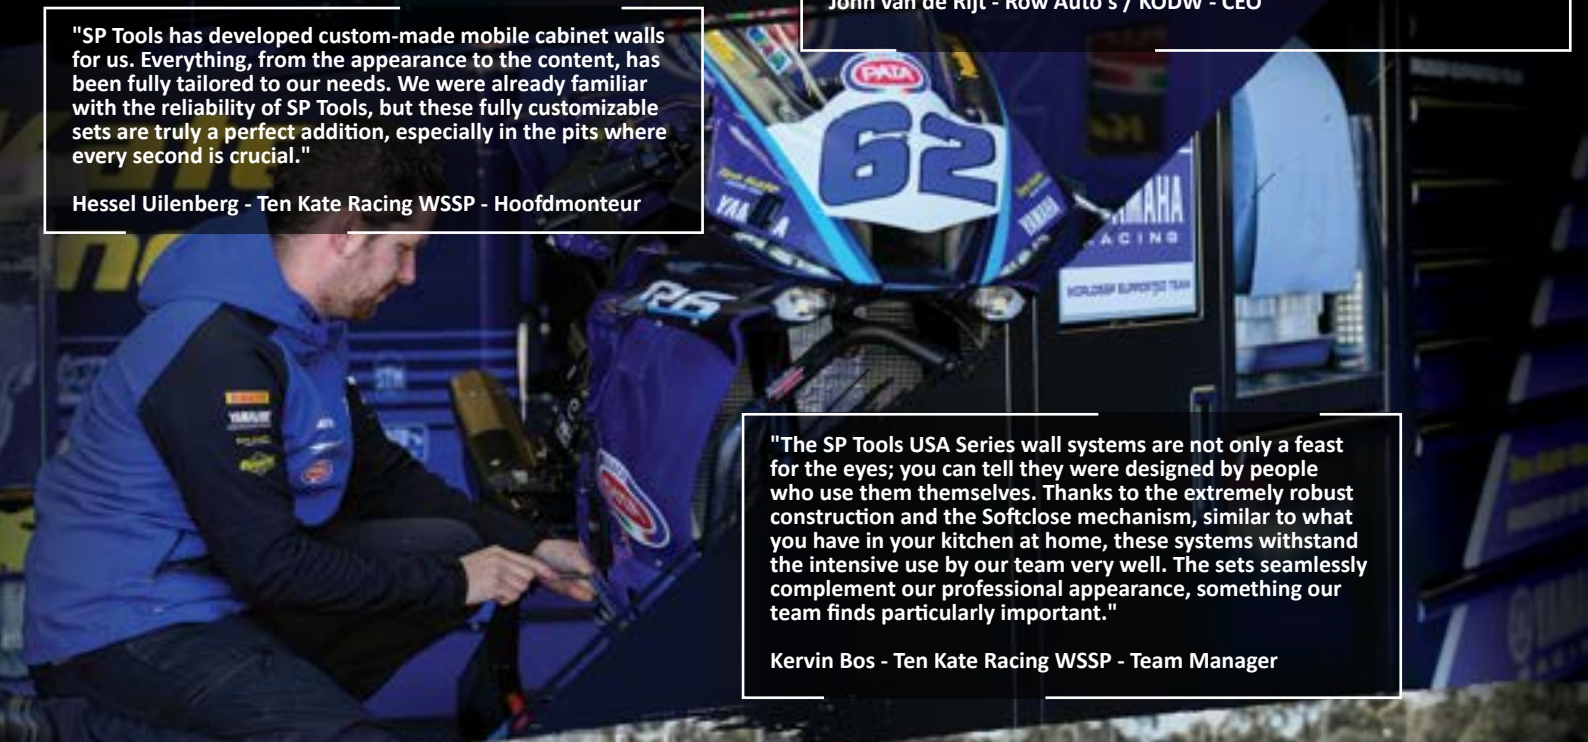

"The extra-large filled Roller Cabinets are truly a recommendation for everyone! At first, I wondered if it was necessary, but the team is happy with it. They always have everything at hand, and in the new workshop, we have the space for it. Additionally, the quality of SP Tools does not disappoint us; these high-end tools perform day after day, and even with supercars, bolts are sometimes very tight."

John van de Rijt - Row Auto's / KODW - CEO

"SP Tools has developed custom-made mobile cabinet walls for us. Everything, from the appearance to the content, has been fully tailored to our needs. We were already familiar with the reliability of SP Tools, but these fully customizable sets are truly a perfect addition, especially in the pits where every second is crucial."

Hessel Uilenberg - Ten Kate Racing WSSP - Hoofdmonteur

"The SP Tools USA Series wall systems are not only a feast for the eyes; you can tell they were designed by people who use them themselves. Thanks to the extremely robust construction and the Softclose mechanism, similar to what you have in your kitchen at home, these systems withstand the intensive use by our team very well. The sets seamlessly complement our professional appearance, something our team finds particularly important."

Kervin Bos - Ten Kate Racing WSSP - Team Manager

"We use our SP Tools USA Sumo at all race meetings due to its transportation ease - with its heavy duty castors it makes it quicker and easier to pack up and down. We greatly appreciate SP Tools' support in Australian Motorsport as a sponsor and the versatility of their tools to allow us to do our jobs at an elite level."

Ben Jenkins - Race Engineer / Team Manager – Earl Bamber Motorsport

SPTOOLS

"It not only requires a lot of expertise but also countless hours of mechanical effort to maintain airplane engines with over 8000 horsepower on a tractor. Fortunately, with SP Tools, we have found the ideal partner for all the necessary tools to keep our tractor in top condition. Thanks to their extensive range and high quality, we can always rely on the right tools without any shortage."

Antonie Bosman - The Judge
- Team Manager

The USA Workshop Series is a fully modular wall system. The dimensions, composition, and layout can be entirely customized. This creates a workspace that can be precisely tailored to individual preferences and available space. This luxurious and efficient solution is made of extra-thick steel finished with a double layer of UV-resistant powder coating for protection. In combination with our 'kitchen-style' soft-close drawer guides, this makes it the perfect professional setup for your workshop

THE USA SERIES

1 50% Deeper, 20% Higher
This workbench is designed by people who work with it. As a result, it is not only higher than standard but the work surface is also a whopping 50% deeper than standard. A fully functional workbench that can be seriously used!

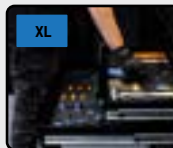

2 Luxury Work Surfaces
The luxurious work surfaces of the USA series are available in finger-jointed beech (40mm) or in stainless steel. The thick stainless steel is more resistant to dents, corrosion, and heat. Moreover, it provides an easy-to-clean and organized surface to work on.

3 Extreme Duty Double-Walled Construction
This exceptionally powerful workshop series is up to 60% stronger than its competing series. The extremely robust double-walled construction of 2x 1.5mm steel ensures that this is our strongest workshop series ever!

4 Kitchen-Style Soft Close
Our high-end ball-bearing drawer guides with kitchen-style soft close are the perfect complement to this extremely robust workshop setup. With a load capacity of 60kg & 120kg on the deep drawers, more than enough to carry all your tools.

5 EVA Foam Storage
With our foam inlays, you can store all your tools neatly and systematically in the cabinets. This not only makes work more pleasant and faster but also keeps your set complete for a longer time because you can quickly see what you are missing.

6 Powerboard Available
With the unique magnetic powerboard, you can create endless variations. With this accessory, you can generate power at any desired location in and around your workshop wall. All our cabinets come standard with ventilation.

7 Double Layer Industrial Powder Coating
Thanks to the double UV-resistant coating, your wall not only stays beautiful for a longer period but also extends its lifespan by providing better protection against weather influences.

8 Fully Customizable
The USA Series is entirely customizable to your preferences. Drawers or cabinets, high or low, everything is possible. Contact us to have a customized wall configured or do it yourself with our online configurator on the website.

SP WORKSHOP SERIES

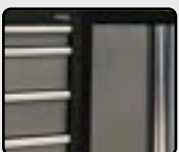

1 Ball-bearing & magnetic closure
Our high-end drawer slides with 28 balls per slide ensure optimal lifespan and ease of use. With a load capacity of 40kg per drawer, more than enough to carry all your tools.

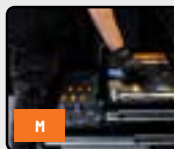

2 Luxury worktops
The worktops of the SP Workshop series are available in solid finger-jointed beech (40mm) or a stainless steel folded worktop. This provides an easy-to-clean and organized surface to work on.

3 Double-walled construction
The double-walled structure enhances the overall durability of the wall. This makes it more resistant to bumps, dents, and other demanding situations, extending its lifespan.

4 Double-layer powder coating
Thanks to the double coating, your wall not only stays beautiful for a longer period but also extends its lifespan because the wall is better protected against (weather) influences. The textured coating on the drawers & doors also ensures that scratches & user traces are up to 60% less visible.

5 EVA Foam storage
With our foam inlays, you can store all your tools neatly and orderly in the cabinets. This not only makes work more pleasant and efficient but also ensures that your set stays complete longer because you can quickly see what you're missing.

6 Self-supporting construction
Our self-supporting construction ensures that the workshop systems stand independently. This makes them highly versatile and suitable for any situation.

7 Now also available with a black rear wall.
Our SP Workshop series is now also available with a completely black rear wall. This adds a completely new dimension to the SP Workshop series.

8 Fully customizable according to your own preferences
The SP Workshop Series can be completely customized according to your preferences. Drawers or cabinets, high or low, everything is possible. Contact us to have a customized wall configured or do it yourself with our online tool

STEEL FRAME

The SP Workshop Series workshop organization is a robust solution for your storage problems in the workshop. This simple yet efficient solution is finished with a double-layer powder coating for protection. In combination with our soft-close drawer slides (ball bearing), this makes it the perfect professional organization for your workshop.

CUSTOM

CUSTOM SERIES

1 Famous American Appeal
Renowned for their rugged craftsmanship and iconic appearance, American Roller Cabinets are synonymous with durability and functionality. These carts combine powerful performance with a timeless design.

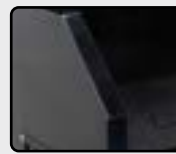

2 Corner protection
Corner protection prevents wear and damage, ensuring your Roller Cabinet lasts longer. Additionally, this gives your Roller Cabinet a professional and well-maintained appearance.

3 Super Soft Wheels
Thanks to the maneuverability of these wheels, you can navigate effortlessly through your workspace. The unique composition of materials ensures a perfect combination of durability and softness.

4 Ball-bearing & magnetic lock
Our high-end drawer slides with 28 balls per slide ensure optimal lifespan and ease of use. With a load capacity of 40kg & 80kg on the deep drawers, it's more than enough to carry all your tools.

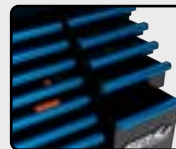

5 Double-walled construction
The double-walled structure enhances the overall durability of the cart. This makes it resistant to impacts, extending the lifespan of the cart.

6 Double-layer UV-resistant powder coating
Thanks to the double UV-resistant coating, your cart not only stays attractive for a longer period but also extends its lifespan by providing better protection against environmental influences, including weather conditions.

7 Optional with wooden or SLS top panel
All Custom Series Roller Cabinets can be equipped with an optional stainless steel or wooden top panel. It clamps into the structure and does not need to be attached separately.

8 Color
Our Custom Series is available in various standard colors, ensuring your Roller Cabinet always matches your corporate identity. Want your own color? No problem, contact us for customization options.

CUSTOM

TECH SERIES

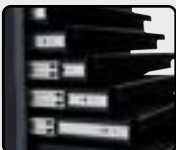

1 Unique "Dog-bone" Construction
This innovative shape provides unparalleled structural strength, allowing these carts to carry heavier loads and withstand the most demanding conditions.

2 Corner Protection
Corner protection prevents wear and damage, ensuring your Roller Cabinet lasts longer. Additionally, it gives your Roller Cabinet a professional and well-maintained appearance.

3 Super Soft Wheels
Thanks to the maneuverability of these wheels, you can navigate effortlessly through your workspace. The unique composition of materials combines durability and softness perfectly.

4 Ball-bearing, magnet lock & Clicklok
Our high-end drawer slides with 28 balls per slide ensure optimal lifespan and ease of use. With a load capacity of 40kg & 80kg on the deep drawers, it's more than enough to carry all your tools.

5 Integrated Trash Bin, Paper Roll & Spray Can Holder
The focus on optimal user convenience in the design of this cart is evident with the integrated trash bin, paper roll, and spray can holder. Everything is conveniently at your fingertips.

6 Double-layer UV-resistant powder coating
Thanks to the double UV-resistant coating, your cart not only stays attractive for a longer period but also extends its lifespan because the cart is better protected against weather influences.

7 Multifunctional Stainless Steel Top
With the recessed stainless steel top, nothing unwanted rolls off your cart, and with the convenient compartments and holes, you can easily organize and store things on your cart during your work.

8 Color
Our Tech Series is available as standard with three different colored drawer handles. This way, your toolbox always matches your corporate identity. Want a custom color? No problem, contact us for the possibilities.

USA SUMO SERIES

① 50% Deeper, 20% Taller
With more space available, tools can be organized in a logical and orderly manner. This ensures quick and easy access, increasing work efficiency.

② Luxurious Extra Thick SLS Worktop
All USA Series come standard with a luxurious stainless steel worktop. The durable stainless steel material is resistant to dents, corrosion, and heat. Moreover, it provides an easy-to-clean and organized surface to work on.

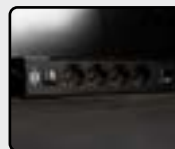

③ Super Duty Wheels
These exceptionally powerful sprung wheels make it easy to move the Roller Cabinet, and thanks to the suspension, this Roller Cabinet will stand much more stably, as the weight is evenly distributed. Each wheel has a load capacity of 400kg!

④ Kitchen-style Soft Close
Our high-end telescopic ball-bearing drawer slides with Kitchen-style soft close are the perfect match for this very robust Roller Cabinet. With a load capacity of 60kg & 120kg on the deep drawers, it's more than enough to carry all your tools.

⑤ One-touch Clicklok
The focus on optimal user convenience in the design of this cart is evident in the One-touch Clicklok. These drawers are easy to unlock across the entire width of the drawer, as the name suggests, with just one touch.

⑥ Powerboard Available
With the unique magnetic powerboard, you can create power anywhere you want. With this accessory, you can generate power at any desired location in and around your Roller Cabinet. (see accessories page)

⑦ Mobile Workbench
With the expansions offered by the USA Series, the possibilities are endless; build your own mobile workspace on wheels! Even our tall cabinets have extendable shelves.

⑧ Extreme Duty Double-Walled Construction
The USA Series is made with the strongest construction ever! This highly robust double-walled construction of 2x 1.5mm steel ensures that this is our strongest Roller Cabinet ever!

For every industry

Discover our customized toolkits for every industry. From automotive to industrial, our tool sets are curated to meet the specific needs of your business. Work more efficiently and effectively with the right tools in hand.

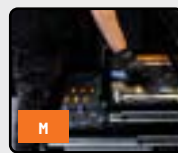

No unnecessary tools

"Optimize your Roller Cabinet with only what you need. No wasted space, no unnecessary tools. Everything you find essential, always at your fingertips."

EVA-Foam Overview

Tools stored in EVA foam offer numerous benefits. It ensures a faster and more efficient work environment by allowing you to quickly locate your tools. Additionally, it maintains organization and prevents loss, all while protecting your tools from damage.

EVA Foam Storage

Create your ultimate set with our foam inlays available in various sizes. All sizes are identifiable by the depicted icons from S to XL

Custom Design Mats

Want to incorporate extra tools into the mats? You can. In addition to self-cut mats, SP Tools also offers fully laser-cut mats available for all SP Tools products.

Hard PVC Top Layer

The hard PVC top layer on our EVA foam inlays provides ultimate protection against dirt and wear, ensuring it lasts longer and stays in top condition.

FILLED EVA FOAM MATS

EVA Foam Overview

Tools in EVA foam offer numerous advantages. It provides a faster and more efficient working environment by allowing you to quickly locate your tools. Additionally, it maintains organization, prevents loss, and protects your tools from damage.

Customizable Mats

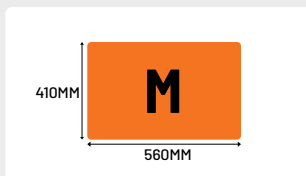

Would you like to incorporate extra tools into mats as well? It's possible. In addition to mats that you can cut yourself, SP Tools offers fully laser-cut mats available for all SP Tools products.

CHOOSE THE RIGHT SIZE INLAY:

NARROW EVA FOAM INLAY - NARROW DRAWERS

- Suitable for wide Tech Series & Custom Series Roller Cabinets & chests
- Also fits SP44825

RING RATCHET WRENCH SET SAE - 8 PIECE
SP10158

€129
~~€168~~

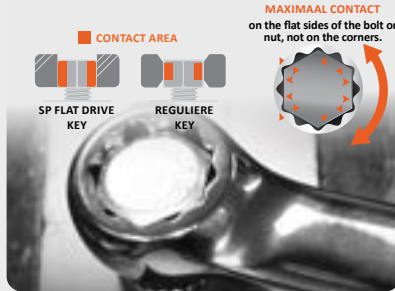

- Sizes: 5/16, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, & 3/4"
- 72-tooth ratchet mechanism
- 15° degree angle on the ratchet side

The patented QUAD DRIVE technology offers 4 times more grip than a regular spanner. This is achieved by the wrench completely surrounding the bolt/nut, maximizing contact on the flat sides of the fastening head, not on the points.

The ring side is equipped with a flattened ring profile, making it perfect for loosening those challenging worn or recessed bolts/nuts. Due to the flattened ring, there is increased contact with the material. More contact means a greater applied torque.

The GEAR DRIVE wrenches patented by SP Tools are precision-machined with deeper gears for increased torque capacity and reliability, featuring 72 teeth that require only 5° of space per turn.

LOCKABLE RING RATCHET SET

SP10628

€165
€235

- Sizes: 8, 10, 12, 13, 14, 15, 17, & 19mm

With the SP Tools Induction Heater, you can selectively heat nuts, bolts, nipples, spindles, etc., without burning surrounding parts. These stuck components can be loosened quickly, safely, and precisely through induction heating. The SP Tools Induction Heater puts an end to open flames in the workshop by heating specific areas locally. The induction heater is operated with one hand, and the coils are easily interchangeable without the need for tools. Due to the separate unit combined with the compact gun, heating in tight spaces is straightforward. The LED lamp on the front ensures good visibility at all times.

- Heats an M12 bolt or nut to red-hot within 15 seconds
- Easily heats parts up to 800° or more
- No open flames in the workshop, reducing the risk of fire
- Protected against overheating or burning out
- With built-in cooling
- LED lamp on the front for a clear view of the work area
- Power: 1750W
- Weight: 3.4kg
- Coils with Kevlar sleeve to protect against burning out up to 550°
- Contents: Induction Heater, 2x straight coils, M10 & M12, 1x Right-angle coil M12
- 1x flexible cable, Heavy-duty case

LOOSE COILS - STRAIGHT

INDUCTION HEATER- 3200W

SP85320

€2099
~~€2730~~

- For quickly, safely, and easily heating: bolts, nuts, etc. of M20 and larger.
- Heats components easily up to 800° or more.
- No open flame in the workshop, reducing the risk of fire.
- Secured against overheating or burning out with built-in cooling.
- Operates on 220v.
- LED lamp on the front for a clear view of the work area.
- Power: 3200W.
- Weight: 8.4kg.
- With a 2400mm cable for easy operation of the gun.
- Coils with Kevlar sleeve for protection against burning up to 550°.
- Contents: Induction heater, 2x straight coils, M20 & M26 1x flexible cable, Heavy-duty case.

- Used to separate the ball joint from the control arm.
- Forged steel body with hardened bolt.
- Jaw opening: 19mm

STEERING BALL JOINT REMOVER

SP67023

€43
€59

- Used to separate the ball joint from the control arm.
- 18-24mm capacity.
- 2-step adjustable (30mm to 50mm)

PULLEY PULLER - 150MM

SP67030

€23
€32

- Designed for the removal of pitman and control arms.
- 33mm opening, 63mm pull

PULLEY PULLER TREKKER

SP67042

€31
€46

- Designed for the removal of wiper arms.
- Includes an adapter to protect the rear windshield washer (VAG cars)

FORK - 19MM

SP67020

€18
€26

- For use in removing tie rods from shock absorber coupling balls. Made of forged steel.
- Fork size: 19mm, length: 400mm.

FORK - 24MM

SP67021

€18
€26

- For use in removing tie rods from shock absorber coupling balls.
- Made of forged steel.
- Fork size: 24mm, length: 300mm.

GAFFEL/FUSEE FORKS SET

SP67024

€55
€78

- 24mm Ball Joint Separator
- 28.5mm Pitman-Arm Wedge
- 18mm Tie Rod Spreader
- 200mm Handle with Knurled Grip
- 200mm Air Tool Adapter

SPRING COMPRESSOR SET - 2PC

SP67025

€43
€59

- Made of hardened steel for long lifespan.
- Up to 1100kg pressure capacity.
- Length 230mm.
- Special jaws for extra safety.

TAP AND DIE SET

SP31100

€99
€143

- Specially designed for the automotive mechanic.
- Covers 6-18 mm with common thread pitch sizes.
- Comes in EVA foam in a sturdy case.

SCREW EXTRACTOR SET

SP31320

€45
€64

- Commonly known as the left-hand tap set.
- Used for removing broken screws, studs, and bolts ranging from 5mm to 16mm.
- Ribbed extractors provide a firm grip on broken studs and screws.
- Comes in EVA foam in a sturdy case.

PULLER SET

SP67050

€79
€99

- Bearing separators 7-76mm.
- Bolts for bearing separators with nuts and washers 140mm - M12 thread. 150mm jaws 9.5mm - M16 thread with nuts 170mm.
- Connecting bolts 9.5mm - M16 thread / 5 x 400mm - M18 thread with nuts. 140mm push rod.

BALL JOINT SPREADER SET

SP70972

€83
€114

- Used to spread the ball joint, allowing for the removal and replacement of ball joints or shock absorbers without the risk of damaging the ball joint. Suitable for VAG, PSA, Japanese, Ford, etc.

ANALOG TORQUE WRENCHES

analog Click-type torque wrenches from 5 to 1000Nm with a clearly readable scale. Users are alerted through the click sound in the torque wrench

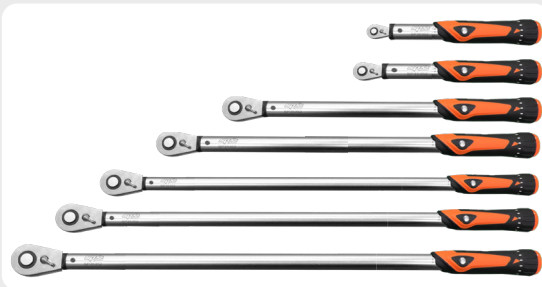

SP EXTRA RATCHET HEAD
Very fine-toothed ratchet mechanism with a quick-release button, allowing for torque adjustment in both clockwise and counterclockwise directions.

SP SUPER NM GAUGE
Highly legible scale in Newton-meters (NM), easily readable through a magnifying glass

SP EASY LOCK SYSTEM

DIGITAL TORQUE WRENCHES

Digital torque wrench with audible signals and LED indicators. The most accurate in its class with a deviation percentage of only 2%. Highly legible scale adjustable in NM, FT.LB, IN.LB & KG.CM. Torque is displayed through ascending audible signals and lights, ensuring a highly accurate result. Bi-directional torque capability!

SP SMART CONTROL
The smart computer in this torque wrench automatically turns off when it detects that the torque wrench is no longer in use. Additionally, the last set torque value is remembered, saving time and effort!

NO VIBRATING HANDLE?
Research has shown that vibration in the handle takes, on average, twice as long to reach the brain. Consequently, you may easily exceed the desired torque value by about 10%. Due to our reputation for accuracy with this type of torque wrench, it operates with an increasing beep and light signal.

ELECTRICAL MEASURING TOOLS

CIRCUIT TESTER - 3-48V
SP61012

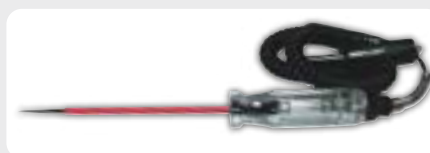

€12
~~€16~~

- For both cars and trucks.
- LED indicates polarity.
- Safe to use.
- Extra-long cord: 0.8m.

CIRCUIT TESTER XL - 6-24V
SP61014

€33
~~€46~~

- Test the circuit current up to 30 Amperes.
- The design allows for easy connection to the fuse box.
- Precision of 0.1A (100 milliamperes), accuracy +2

CIRCUIT TESTER HYBRID - 12-42V
SP61015

€29
~~€42~~

- Suitable for both regular and hybrid cars.
- Automatic voltage selection: blue lamp is for 12V system, red lamp is for 42V system.
- Very clear indicators.
- Heavy-duty insulated alligator clips

CIRCUIT TESTER WIRELESS - 3-30V
SP61018

€39
~~€54~~

- No need for ground or clamp - simply touch something acting as ground.
- Two-color LED indicates: Red for power, green for ground on 6V, 12V, and 24V systems.
- Compact size for ease of use in tight spaces.
- Computer-safe.

CIRCUIT TESTER DISPLAY - 6-28V
SP61016

€59
~~€83~~

- Suitable for 6, 12, & 24V systems.
- Voltage measurement from 5 to 28 volts.
- Comes with a coiled cord up to 3m.
- Wire remains flexible even in extreme cold.
- Heavy-duty insulated alligator clips.

CIRCUITTESTER - AUTOMATIC RANGE
SP61024

€30
~~€42~~

- Automatic Ohms (resistance) & volt meter.
- Acoustic (beep) continuity detection.
- Digital LCD screen with backlight for quick and accurate readings.
- Hold function. CAT III 300V.

BLADE FUSE TESTER DIGITAAL - 30A STANDAARD
SP62008

€26
~~€36~~

- Test the circuit current up to 30 Amperes.
- Easy connection to the fuse box.
- Maintains fuse protection while connected.
- Precision of 0.1A (100 milliamperes), +/- 2.

BLADE FUSE TESTER DIGITAAL - 30A MINI
SP62009

€26
~~€36~~

- Test the circuit current up to 30 Amperes.
- Easy connection to the fuse box.
- Maintains fuse protection while connected.
- Precision of 0.1A (100 milliamperes), +/- 2.

DIGITALE MULTIMETER - SIMPEL

SP62012

€25
€35

- Backlighting
- Data Hold
- Buzzer
- AC/DC Voltage
- DC Current
- Resistance
- Diode Test
- Continuous Temperature
- Transistor Test
- Safety design Cat. 2

DIGITALE MULTIMETER - DELUXE MINI

SP62015

€49
€71

- 2000 digital display
- Safety design Cat 3 600v
- Contactless ACV detection
- Automatic range
- Continuity, diode test, resistance
- Automatic shutdown
- Includes K-type temperature probe

LASER TACHOMETER - PREMIUM

SP62030

€64
€88

- Contactless measurement of RPM
- RPM range 2.5-99,999
- Instant and total RPM function
- Memory function
- 50mm-2000mm range with reflective tape
- Accuracy +/- 0.05%

TRUE-RMS MULTIMETER - DELUXE

SP62016

€139
€201

- 6000 digital illuminated HD display
- CAT IV 600 V safety category
- Frequency and temperature measurement
- Voltage, resistance, continuity, capacitance measurement
- AC/DC current measurement, max. 10A current
- Diode test, data hold
- Automatic shutdown
- AC accuracy 1%
- DC accuracy 0.5%
- More information at www.sptools.eu

DIGITALE MULTIMETER - AUTOMOTIVE

SP62011

€99
€143

- Extra large digital display
- RPM measurement for 1-10 cylinders
- 14 functions including: DC/AC voltage, DC/AC current (max 20A), resistance, RPM, MS pulse, temperature (°C/°F), resistance, continuity, and diode check. Duty cycle & injection angle of electronic fuel injection, feedback from carburetors, and ignition reading.
- Includes temperature probe & Inductive pickup
- More information at www.sptools.eu

1000V INSULATION METER - DELUXE

SP62018

€285
€411

- 1mA test current for MegOhm range at specified voltage.
- Complies with IEC10101, CAT III 1000V.
- Live circuit detection prevents insulation test if voltage >30V is detected for additional user protection.
- Large dual display with analog bargraph & backlight.
- Automatic discharge of capacitive voltage for additional user protection.
- Overrange indication.

HIGH RES BOROSCOPE - 6MM

SP70935

€369
€493

- 3.2" TFT LCD color screen.
- 1m long flexible, waterproof goose-neck camera head that easily performs visual inspections in hard-to-reach places.
- High visibility and 10° adjustable LED lighting.
- Support for SD memory card expansion with built-in 75MB flash capacity.
- 6mm camera head.
- More information at www.sptools.eu.

INFRARED THERMOMETER - LASER

SP62020

€119
€172

- Double laser technology (dual dots).
- Fast detection function.
- Accurate contactless measurements.
- Automatic data storage.
- °C/°F switch. Unique flat surface, modern housing design.
- Digitally adjustable sensitivity from 0.10 to 1.0.
- Maximum temperature display.
- LCD screen with backlight.
- High and low alarms can be set

TIMING LAMP - PREMIUM

SP62042

€195
€258

- Tachometer: 249 to 9,990 RPM (accuracy +/- 1%).
- Progress degrees (2 and 4 cycle DIS and conventional): 0° to 90° (+/- 5° accuracy).
- Stroke: 0° to 180° / 2-12 cylinders (+/- 1% accuracy).
- Voltage: 10 to 16 volts DC (+/- 1% accuracy).
- Rotating barrel - for better alignment with timing marks and LCD viewing angle.
- Optically correct lens.

BATTERY TESTER - 12V

SP61060

€89
€128

- It detects bad cells directly by measuring internal resistance.
- No need to fully charge for testing.
- Displays cold start power and health percentage of the battery.
- Suitable for all types of 12V batteries

BATTERY TESTER - DELUXE

SP61062

€115
€167

- It displays and prints time-based reports: Effective starting power, battery percentage & condition, charging system, and starting system analysis.
- No need to fully charge for testing.
- Display of cold start power and health percentage & charging capacity of the car.
- Results can be printed via the supplied cable

BATTERY TESTER - WITH PRINTER

SP61065

€279
€401

- It displays and prints time-based reports: Effective starting power, battery percentage & condition, charging system and starting system analysis.
- No need to fully charge for testing.
- Display of cold start power and health percentage & charging capacity of the car.
- Results can be printed via the built-in printer.

OBD-II/EOBD SCANNER - FAULT CODE READER

SP61150

€79
€114

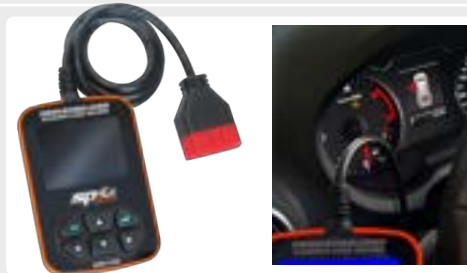

LEES EN WIS ALGEMENE
DIAGNOSTISCHE
PROBLEEMCODES (DTC'S)
EN SCHAKEL HET LICHT VAN
DE MOTORSTORING OF
AIRBAGS UIT

CHECK ENGINE SERVICE

- For reading and clearing faults from the vehicle's computer. Removal of faults is also possible.
- Works with all car types from 1996 onwards (including most new models).
- Fault code and malfunction are displayed on the screen.
- Works independently (no computer or laptop needed alongside this product).
- Updates available via the internet and can be loaded via a USB cable.
- No power needed, the device uses the car's power.
- Can read vehicle identification codes (on cars after 2002).
- Includes a Dutch description, suitable for APK (MOT) testing.
- More information at www.sptoolseurope.com.

OBD-II/EOBD/JOB SCANNER - CODE READER

SP61155

€149
€210

- Works with all 1996 and newer vehicles that are JOBD/OBDII/EOBD compatible.
- Reads and clears generic and manufacturer-specific diagnostic trouble codes (DTC) and turns off indicator lights (such as the check engine light, etc.).
- Broader vehicle coverage with CAN protocol support.
- Checks the emission readiness status of OBDII Monitors.
- Retrieves VIN (Vehicle Identification Number) on 2002 and newer vehicles that support Mode 9.
- Displays live data on the unit screen. - View live data graph with four items.
- Stand-alone unit works without an additional computer or laptop.
- Compact in size and easily fits in the palm of your hand.
- No batteries needed as the unit is powered via the OBD2 cable.
- Includes a Dutch description, suitable for APK (MOT) testing.
- More information at www.sptoolseurope.com.

COMPRESSION TESTER - PETROL

SP66023

€29
€40

- 2 Standard sizes spark plug hole for quick control
- Includes adapters for universal use
- With pressure button for bleeding, allowing multiple tests without removing the tool from the vehicle.

COMPRESSION TESTER- PETROL PRO

SP66024

€63
€86

- 2 Standard sizes spark plug hole for quick control
- Includes a universal rubber adapter
- With a pressure button for bleeding, allowing multiple tests without removing the tool from the vehicle.

COMPRESSION TESTER - DIESEL PRO

SP66038

€169
€246

- Comprehensive test kit for both direct and indirect diesel injection
- Narrow, quick-coupling adapters for speed & safety
- Built-in valve allows for repeating tests without disassembly
- Flexible hose (355 mm) provides access to restricted ports

FUEL PUMP TESTER - VACUUM

SP66060

€28
€38

- For checking leaking or defective parts in vacuum systems and mechanical pumps.

CYLINDER LEAKAGE TESTER

SP66027

€109
€155

- Can be used on any type of gasoline engine
- Fits all 14 or 18mm spark plug holes
- Meters display % of cylinder leakage
- Indicates burnt valves or worn rings, etc.
- More info: www.sptoolseurope.com

INJECTOR SEAT CLEANING SET

SP66084

€87
€119

- Centric: 7mm
- Various vehicles: 15mm
- Angular: 17 x 17mm (Mercedes CDI)
- Angular: 17 x 21mm (Fiat, Iveco)
- Delphi/Bosch injectors: 17 x 17mm (BMW, PSA, Renault, Ford)
- Bosch injectors: 17 x 19mm (Mercedes CDI)

BEARING & SEAL INSTALLATION SET

SP66040

€75
€107

- To install bearings and seals without causing damage
- Ideal for installing wheel bearings
- Sizes: 39.5 mm - 81mm
- More info: www.sptoolseurope.com

SEAL (DIS)ASSEMBLY SET

SP70960

€149
€195

- Easy removal and installation of seals in camshafts or crankshafts
- Unique design for extra convenience during seal removal
- Interchangeable attachments make seal installation easy
- Sizes: 21.5 to 64mm
- More info: www.sptoolseurope.com

PRESSURE & VACUUM DIAGNOSE PUMP

SP80020

€159
€210

- 2-way pressure and vacuum test functions
- Patented design - Rotary switch for mode change - Pistol grip with lever
- High volume efficiency in both pressure and vacuum modes
- Integrated meters at the rear - Optimal viewing angle - Maximum protection against bumps
- Works independently, no compressor, etc., needed
- Packed in a sturdy storage case

BRAKE PADS INDICATOR SET
SP63006

€15
~~€21~~

- For quickly checking brake lining
- Can be used without disassembling the blocks.

BRAKE LINE BENDING PLIERS
SP63010

€23
~~€32~~

- Suitable for: copper, aluminum, copper-nickel, and steel pipes
- Bending grooves for: 3 mm, 4 mm & 6 mm
- Bends angles quickly and easily from 0 - 90°

DRUM BRAKE TOOL
SP63001

€7
~~€11~~

- Total length: 130mm
- Suitable for screw and start-type adjusters.

BRAKE CALIPER SPREADER
SP63002

€11
~~€16~~

- For easily pushing back brake pistons
- Suitable for most brake pistons
- Pushes back without causing damage

BRAKE CYLINDER HONE
SP63036

€24
~~€32~~

- Range: 19mm to 64mm
- 28mm medium grit stones
- Flexible shaft for consistently even pressure
- Adjustable spring pressure ensures self-centering

SMALL ENGINE HONE
SP63037

€36
~~€53~~

- Range: 32mm to 89mm
- 50mm medium grit stones
- Flexible shaft for consistently even pressure
- Adjustable spring pressure ensures self-centering

BRAKE CALIPER SPREADER
SP63013

€35
~~€51~~

- Suitable for front disc brakes on most cars and light trucks
- Easily compresses calipers with multiple pistons

BRAKE PISTON REWIND TOOL
SP63005

€75
~~€102~~

- Made from forged steel for long-lasting strength and durability
- Universal set suitable for both left and right-turning pistons.

BRAKE BLEEDER SET
SP70858

€79
~~€110~~

- Fastening clip for secure clamping on all types of master cylinder reservoirs
- Height-adjustable filling opening ensures a proper fluid level
- Universal rubber fitting securely grips the brake bleeder nipple

AUTOMATIC RESERVOIR FILLER
SP70895

€42
~~€57~~

- Bevestigingsclip voor stevige klemmen op alle typen hoofdremcilinderreservoirs
- In hoogte verstelbare vulopening zorgt voor een correct vloeistofniveau
- voorkomt drooglopen van het remvloeistofreservoir

BRAKE LINE FLARING SET
SP63015

€55
~~€76~~

- Pipe cutter 3-30mm
- Steel housing, yoke & screen bar
- 7-piece adapter
- Stored in a sturdy case
- Adapters: 5, 6, 8, 10, 12, 14 & 16mm

BRAKE BLEEDING KIT SET
SP70809

€99
~~€123~~

- No external power source needed for bleeding - fill and pump
- Reservoir can hold 2.5 liters of fluid
- Pressure range makes the unit suitable for use with ABS systems
- Equipped with Ø42mm cap and suitable for most European models

VACUUM BRAKE BLEEDER- 800ML
SP70852

€110
~~€150~~

- Uses compressed air to create a deep vacuum for purging old fluid and air from hydraulic brake systems.
- Universal rubber fitting securely clamps onto the bleeder screw.
- New design with unique patented built-in safety valves to prevent accidental spraying and liquid spills.

VACUUM BRAKE BLEEDER SET - 800ML
SP70854

€119
~~€169~~

- Uses compressed air to generate a deep vacuum for purging old fluid and air from hydraulic brake systems.
- Universal rubber fitting securely clamps onto the bleeder screw.
- New design with unique patented built-in safety valves to prevent accidental spraying and liquid spills. Includes an automatic reservoir filler.

FLUID PUMP - 200ML
SP65122

€25
~~€34~~

- Suitable for: Power steering fluid, gearbox oil, differential oil, engine oil, coolant, hydraulic oil, etc.

FLUID PUMP - 1500ML
SP65123

€59
~~€86~~

- Suitable for: Power steering fluid, gearbox oil, brake fluid, differential oil, engine oil, coolant, hydraulic oil, etc.

FLUID PUMP - TBV FOR USE WITH A DRILL
SP71196

€159
~~€205~~

- Pumps 3 liters per minute with a drill operating at 1,200 rpm.
- Heavy-duty design is resistant to all chemicals.
- Designed for prolonged continuous use.

888 - ELECTRIC FLUID PUMP - 13L/PM

T865000

NEW

€19
€25

- Suitable for quickly and mess-free transferring of gasoline, diesel, kerosene, oil, water (non-potable), and other non-corrosive liquids.
- Durable battery-powered impeller pump capable of 13 liters per minute.
- Comes with a 60 cm flexible hose and a 30 cm extended suction tube.
- Powered by 2 x 1.5V D alkaline batteries (not included).

LIQUID CATCHMENT TRAY- 8 LITER

SP64108

€17
€22

- Resistant to chemicals such as oil, antifreeze, and solvents.
- Heavy-duty wall construction remains sturdy, even with hot oil.
- Built-in spout to pour the liquid back into the recycling container with minimal spills.

MINI GREASE GUN - INCLUDES GREASE

SP65104

€29
€40

- 100g tube of grease included.
- Max pressure 70 bar (1000 PSI).
- Includes 3 interchangeable tips.
- Includes nipple connection

UNIVERSAL BEARING FILLER- 12-50MM

SP30818

€15
€22

- To be used with grease guns through the integrated grease nipple in the design for easy attachment of the grease gun.
- For bearings in cars, boats, trailers, 4x4s, etc.
- Minimum diameter 12mm, maximum 50mm.

OIL FILTER PLIERS - 52-127MM

SP64008

€19
€26

- For oil filters with a diameter of 52mm to 127mm
- Non-slip coating

OIL FILTER BEUGEL - 60-73MM

SP64003

€14
€20

- For oil filters with a diameter of 60mm to 73mm
- Non-slip coating

OIL FILTER WRENCH - STRAP

SP64010

€14
€20

- 1/2" connection
- Suitable for oil filters up to Ø150mm (6")
- Non-slip nylon strap

OIL FILTER WRENCH

SP64000

€18
€25

- 1/2" connection
- For oil filters with a diameter from 60mm to 100mm

AUTOMOTIVE TOOLS

CLUTCH CENTER

SP66050

€17
€23

- Ideal for recent models of front-wheel-drive vehicles without a pilot bearing in the flywheel.
- Supplied with various bushings for a range of shaft diameters.
- Not suitable for dual-disc clutches.

STRETCH BELT MATE™

SP70991

€35
€51

- Aiding in the quick and easy removal/ installation of stretch-fit belts.
- Installs all stretch-fit belts.
- Enables the reuse of stretch-fit belts.

AUTOMOTIVE STETHOSCOPE

SP62001

€19
€29

- Metal earpiece and thick hose
- Highest quality diaphragm
- Essential diagnostic instrument for detecting sounds.

PISTON RING COMPRESSOR

SP66020

€12
€17

- Size: 50-125mm
- Compresses piston rings for easy installation
- Self-locking ratchet
- Supplied with tensioning arm
- Dual-band adjustable tensioner

PROFESSIONAL SOLDERING SET - GAS

SP32290

€49
€72

- Professional self-igniting cordless butane gas soldering iron with interchangeable tips.
- Ideal for various applications in car repairs.
- Rapid heating for increased productivity with a continuous usage time of 70 minutes.
- Includes heat shrink tubing adapter

PANEL EDITING SET - 7 PIECE

SP30202

€149
€198

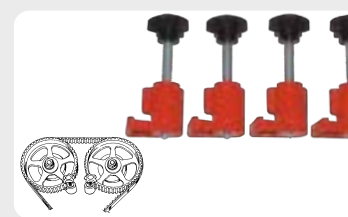

- The perfect panel editing set for any workshop, featuring the most commonly used dollies and hammers.
- Well-equipped set to handle the vast majority of panel repairs

CAMSHAFT GEAR CLAMPS

SP70905

€62
€72

- Single camshaft clamps lock each gear individually during timing belt replacement.
- Holds valve timing in place during belt replacement.
- Compact dimensions allow for use in small engine compartments.

INSPECTION LAMP - 150 LUMENS

SP81439

€15
€21

- Work lamp: 130 Lumens
- Flashlight: 50 Lumens
- Charging time: 2 hours
- Rechargeable
- Strong magnetic clip
- Battery voltage: 3.7v
- Battery type: Lithium Ion
- Max. Operating Temp: 50°C
- Total length: 80mm
- Width: 20mm

ULTRA-BRIGHT COB LAMP - 700 LUMENS

SP81448

€42
€57

- COB LED work lamp with 3 modes: 100/350/700 Lumens
- USB charging system
- Strong magnetic base
- Battery: 3.7v/2600mA
- Battery type: Lithium-ion
- Operating hours: 13/4/2 Hours (Low/Medium/High)

BLUETOOTH SPEAKER - WORK LAMP

SP81400

€99
€139

**MORE SOUND? CONNECT THE SPEAKERS
TO EACH OTHER FOR AN AMAZING STEREO
SOUND EXPERIENCE**

- Water-resistant IP65
- Bluetooth speaker 6w
- 10w COB Lamp with 2 settings: 800 Lumens & 400 Lumens
- Usage time: High consumption: 5 hours, Low consumption: 8 hours
- Charging time: 4-5 hours 0 to 100%
- Includes 80cm USB-C Cable
- Can be used as a power bank through USB output
- Bluetooth 5.0 connection

WORK LAMP WIRELESS - 500 LUMENS

SP81496

€125
€173

- Work light: 75 - 500 Lumens +/- 5 hours on a full battery
- Flashlight: 150 Lumens
- Wireless rechargeable
- IP65
- Magnetic charging pad included
- Charging pad also suitable for phones, etc.
- Battery: 3.7v 2600mA
- Battery type: Lithium-ion

WORK LIGHTS SET - WIRELESS

SP81499

€179
€245

- Large work light: Dimmable: 75 - 500 Lumens
- Small work light: Dimmable: 30 - 300 Lumens
- Wireless Rechargeable
- Battery level indicator
- Dual magnetic charging pad included
- Charging pad also suitable for phones, etc.
- Battery type: Lithium-ion
- IP68 water & dustproof

ULTRA SLIM LAMP - WITH POWERBANK

SP81447

€49
€68

NEW

- 400 lumen work lamp
- Ultra-bright COB LED work lamp
- With power bank function for charging
- Powerful LED flashlight/top light
- Slim head rotates and folds 270°
- Hook folds 360°
- Solid magnetic base
- Water and splash-resistant - IP54
- Shock-resistant - IK07
- Lithium-ion rechargeable
- Charging time: 6 hours

ULTRA SLIM WORK LAMP - 1000 LUMEN

SP81446

€65
€96

- Super-bright dimmable work lamp
- 100-1000 lumens
- (Burning hours +/- : 3 to 6 hours on full charge)
- Flashlight: 150 lumens
- 120° tiltable shaft
- 360° rotating hook at the bottom
- Slimline shaft 160mm
- Total length 360mm
- Strong magnetic bottom
- USB-C charger included
- Charging time: 3 hours

BATTERY-POWERED UNDER BONNET LIGHT

SP81466

€149
€216

- Super-bright SMD LED work light
- Generates no heat
- Dimmable with 2 settings
- 1000 & 500 Lumens
- Operating hours: 3 hours / 6 hours
- 360° Rotatable
- Special lens to reduce shadows with a light angle of 120°
- Extendable from 1150 to 1800mm
- Battery type: Lithium-ion

COB SLIMLINE HEADLAMP - 230°

SP81491

€19
€28

- Super-bright dimmable work light with 2 settings
- (Burning hours +/- : 2.5 to 3.5 hours on full charge)
- Spotlight 120 lumens
- 230° illumination for optimal visibility
- Smart on/off motion sensor
- Ultra-lightweight design
- Dust and water-resistant - IP65
- Lightweight: 72 grams
- Shock-resistant
- Charging time: 3 hours

MOTION SENSE ON/OFF

Turn the headlamp on and off easily by waving your hand in front of the motion sensor

OSRAM LED SLIMLINE HEADLAMP

SP81459

€29
€41

- Super-bright dimmable work light with 2 settings
- (Burning hours +/- : 5 to 8 hours on full charge)
- Spotlight 500 lumens
- 230° illumination for optimal visibility
- Smart on/off motion sensor
- Ultra-lightweight design
- Dust and water-resistant - IP65
- Shock-resistant
- Charging time: 2 hours

MOTION SENSE ON/OFF

Turn the headlamp on and off easily by waving your hand in front of the motion sensor.

BATTERY-POWERED HOOD LIGHT - 1000LM

SP81467

€69
€92

- Super-bright COB LED work light, dimmable with 2 settings
- 1000 & 400 Lumens
- With magnets at the ends for easy mounting
- Operating hours: 3 hours / 6 hours
- Suitable for all cars and various applications thanks to an elastic band.
- Battery type: Lithium-ion
- Charging time: 3.5 hours

12V - LITHIUM JUMP STARTER- 2000A COMPACT

SP61093

NEW

€169
~~€229~~

- Peak Current: 2000 Amps
- Voltage: 12V
- Battery: Li-ion 15000mAh (56Wh)
- Input: 13.8V 2A
- DC Output: 12V
- USB Output: 5V

- 12V 2000AMP Jump starter (Gasoline engines up to 8.0 liters & Diesel up to 6.0 liters)
- 5V USB port for charging phones, tablets, cameras, etc.
- Includes LED lamp with SOS & flash function
- Lithium-ion battery holds voltage longer and provides extra lifespan
- Built-in battery management system
- Built-in low voltage sensor to prevent battery over-inflation
- Reverse connection: indicator & alarm
- Overload protection.
- More information at www.sptoolseurope.com

12V - LITHIUM JUMP STARTER - 3000A POWER

SP61095

NEW

€275
~~€369~~

- Voltage: 12V
- Input: 13.8V 2A
- DC Output: 12V
- USB Output: 5V
- Peak Current: 3000 Amps
- Battery: Li-ion 24000mAh (88.8Wh)

- 12V 3000AMP Jump starter (Gasoline engines up to 9.0 liters & Diesel up to 7.0 liters)
- 5V USB port for charging phones, tablets, cameras, etc.
- Includes LED lamp with SOS & flash function
- Lithium-ion battery holds voltage longer and provides extra lifespan
- Built-in battery management system
- Built-in low voltage sensor to prevent battery over-inflation
- Reverse connection: indicator & alarm
- Overload protection.
- More information at www.sptoolseurope.com

12V/24V - LITHIUM JUMP STARTER - 4300A ULTRA

SP61097

NEW

€425
~~€586~~

- Peak Current: 4,320 Amps
- Voltage: 12V, 24V
- Starting Capacity: All 12V Petrol Engines
- 12V Diesel Engines up to 10L
- 24V Diesel Engines up to 6L
- Battery: Li-ion 36000mAh (133.2Wh) 30/120C
- Input: 13.8V 2A
- DC Output: 12V
- USB Output: 5V

- With the large Lithium-ion power bank on board, you can power or charge your smartphones, tablets, and similar low-voltage USB devices on the go.
- Built-in LED with five light modes, including emergency strobe and SOS.
- Heavy-duty jumper cables and clamps that can be neatly stored.
- Battery management system with fast charging - fully charged within 8 hours.
- Safe and easy to use with automatic short-circuit, overload, overcharge, and over-discharge protection, and reverse polarity indication.
- More information at www.sptoolseurope.com

12V/24V - AGM JUMP STARTER - 5000A XL

SPJS-20

€899
~~€1286~~

- Digital voltmeter
- Weight: 20.3 KG
- Cable length: 160cm
- Cable diameter 50mm²
- Voltage selection switch (OFF / 12V / 24V)
- Reverse polarity alarm
- Charger with automatic shut-off
- Designed for starting 12V and 24V engines
- Can also be used as a 12V power source or memory backup
- Fully insulated professional brass clamps with integrated fuse in the positive clamp
- 2 x high-efficiency 22Ah AGM batteries
- Can also be used to test the vehicle's alternator
- 0/12/24V switch for spark-free connection

12V/24V - LITHIUM JUMP STARTER - 4400A XL

SPJS-10

€1199
~~€1745~~

- Digital voltmeter
- Weight: 10.4 KG
- Cable length: 160cm
- Cable diameter 50mm²
- Voltage selection switch (OFF / 12V / 24V)
- Reverse polarity alarm
- Charger with automatic shut-off
- 0/12/24V switch for spark-free connection
- Equipped with two Lithium-ion batteries (LiFePO₄) each with a capacity of 96Wh
- Compact and lightweight design
- Fully insulated professional brass clamps with integrated fuse in the positive clamp

SX DRIVE - BATTERY TOOL

Parts from all over the world
From Johnson USA engines to Samsung
INR Chemistry batteries, our battery
machines are assembled from the best
components available from around the world.

SX Drive Intelligence
Thanks to the new SX Drive Intelligence
system, the battery, machine, and
charger now communicate even better
with each other. This not only means
that one battery charge lasts longer, but
the lifespan of machines, batteries, and
chargers is also significantly extended!

UPDATED SX DRIVE 18V SERIES

Enter a new phase of power and reliability with the SX Drive upgrade. This innovation represents a better battery connection and increased power. Note: previous batteries are no longer compatible with these models. But get ready for a new standard in performance - switch to the SP Tools 18V Line with SX Drive and discover unparalleled efficiency and power! The old models and batteries are still available. The new models can be recognized by the SX Drive logo.

NEXT GEN IMPACT WRENCHES

Thanks to the unique magnesium housing, our brand-new impact wrenches are not only super strong but also extremely lightweight! So light that we dare to call them the lightest in their class. With a unique design enriched with the best materials, we offer extremely lightweight impact wrenches that outperform all heavy competitors in terms of performance! These unique tools can be recognized by the NextGen Logo on the NextGen Logo

ANALOG TIRE PRESSURE PUMP

SP65508

NEW €69
~~€92~~

- L-shaped design provides more flexibility when connecting to hard-to-reach tire valves.
- The air connection can rotate 360° and is attached to a flexible rubber hose.
- Accuracy: ±1 psi/0.1 bar.

"With innovation deeply embedded in our DNA, we continue to evolve existing, already excellent tools. You can't reinvent the wheel, but you can make it better, faster, and more beautiful"

Our motto, 'Success is built with SP Tools,' is not without reason. Since 1973, SP Tools has been making a difference for technicians worldwide with passion, innovation, and quality. Smart technical details, a complete range, and a sporty appearance are typical of SP Tools. SP Tools provides all types of tools: hand tools, air and battery-powered tools, Roller Cabinets, workbenches, and also specialized tools for automotive, industry, truck & trailer, heavy-duty, and agriculture.
